

# How to Clean Microfiber

## Hand Wash

Fill a clean sink or bowl with warm water

Add a mild detergent such as dish soap

Rinse thoroughly

If necessary, use a soft bristled brush for tough dirt

## Machine Wash

Place in washing machine on warm or hot water setting

Add a mild detergent

Do not add fabric softener or bleach

If possible, only wash with other microfiber items

OR

**TO DRY:**

Air dry or place in dryer on low
